We the senior boys, will our basketball suits and shots to  
the sophomores boys, (Fill them well.)  
We the senior girls, will our energy and our ability to  
keep the boys mirror hid all year to  
the Junior Girls.  
We the senior class, will to the teachers that we have had  
through our high school career the  
best of Health and Happiness in life,  
in the years to come.  
We three senior girls, Ethel, Patty, Joan, will the job  
of cleaning the trophy case to Sue  
Jones, Evelyn Leffingwell and  
Christina Helm. (Keep it shining, girls.)

### SENIORS OF FIFTY-THREE

We are the class of fifty-three  
Wondering what our destiny,  
We've strived so hard to get this far  
Could we be wishing on a star?

We entered as "Greenies" in 49  
Ready to begin that upward grind,  
We settled down to read and write  
Dreading that fearful initiation night.

Our Sophomore year was quite a journey  
We even won the sectional tourney,  
The name of "Softies" was well implied  
Although our pleasures were sometimes denied.

As "Jolly Juniors" we gave a play  
And left everyone in a laughing way,  
Then in March a magic wand  
Called our dear classmate far beyond.

Now we are Seniors setting the pace  
For others who follow to take our place,  
We're not very dignified keep that in mind  
But the girls hid the mirror, which the boys can't find.

And now we are leaving dear Old' Roll High  
We part with a tear and a desperate sigh,  
Our memories here we shall never forget  
For they are the best, we have no regret.

Ethel Pierce  
Barbara Townsend

## CLASS HISTORY

### FRESHMEN CLASS (1949-1950)

We entered Roll High School as green freshmen. We were cordially welcomed by the seniors at initiation, our first big event of the year. We entered with 28 members in our class with Mr. Richard Balsley as our sponsor.

During this year accompanied by our sponsor and his wife we went to visit the Fort Wayne International Harvester Co.

We had a blanket raffle at the Halloween Carnival as our part of the event. Our representatives from the class to attend the Halloween Carnival at Hartford City was, Barbara Townsend and Patty May.

During the basketball season we had the coat check to make money. Frances Cook was chosen as the basketball queen's attendant.

The members of the class were; Nondus Bahter; Charles Bole; John Campbell; John Briles; Joan Stoner; Donald Carroll; Patty Bridges; Frances Cook; James Dickey; Herbert Holsten; Harriett Johnson; Ronald Lakin; Dewayne Lipp; Patty May; Donald Martin; Fredrick Nessell Jr.; Franklin Payne; Joan Ross; Ethel Pierce; James Schmidt; Orval Stallsmith; Barbara Townsend; Bernice Chandler; Irene Doty; Dickey Rodgers; Betty Purvis; and Mike Drayer.

Our last event of the year was the Farewell Party which was held for the seniors.

### SOPHOMORE CLASS (1950-1951)

We entered Roll High School as jolly sophomores this year. We were very sorry to learn that John Campbell; John Briles; Dickey Rodgers; and Irene Doty, were no longer members of our class. We again had Mr. Richard Balsley as our sponsor.

At the Halloween Carnival we again had the Blanket Raffle. Our representative from the class that went to the Halloween Carnival at Hartford City was Patty May.

During the year we had several bake sales, and also an auction.

During the basketball season we again had the coat check. Our attendant to the basketball queen was Ethel Pierce.

We were all very delighted to receive our class rings which we thought were very nice.

Joan Stoner left us during the year to get married.

This year we had on the sectional winning team four members from our class, they were: Jim Dickey; Franklin Payne; Mike Drayer; and Charles Bole. Right after the regional which was played at Marion, Mike Drayer left us to help improve Yorktown's basketball team. We now have 21 members left in our class.

#### JUNIOR CLASS (1951-1952)

This year we entered as Juniors with only 20 members in our class. Bob Chapman decided that he had enough education and didn't bother about returning to school. Mrs. Howard was to be our sponsor this year.

We thought that we felt very energetic this year so we decided to work at Schrader's at Marion on Saturday. We took turns about working on Saturdays with 6 members working each day.

We had the concessions all year so that we could make a little more money to go on the trip.

Barbara Townsend was again our representative for the Hallowe'en Carnival at Hartford City.

We had our class play this year on November 14. The name of it was "Don't Take My Penny." The list of characters was as follows:

SALLY.....	Barbara Townsend	GREG.....	Dewayne Lipp
NORMAN PORTER..	Franklin Payne	LUCILE.....	Betty Purvis
PENNY.....	Patty May	MONSIEUR HENRI....	Don Carroll
CALEB.....	Orval Stallsmith	KERRY.....	Jim Schmidt

MAVIS.....	Ethel Pierce	ELSIE.....	Patty Bridges
LYDIA.....	Nondus Banter	CLAIRE.....	Harriett Johnson
JOANNA.....	Joan Ross	RED.....	Donald Martin
HARRISON DAY.....	Jim Dickey		

We received our class sweaters and jackets which we were very delighted to get.

This year we sponsored several bake sales. We also helped to sponsor the Dixie Four, which everyone enjoyed listening to.

On March 10, 1952, we were all very sorry to learn the news of the death of our beloved classmate, Nondus Banter, whom everyone liked very much.

## SENIOR CLASS (1952-1953)

When we came back to school we were now as dignified seniors in our last year of school. Some of us didn't think that we would ever make it this far but we have. Patty Bridges decided that she would rather serve in the Armed Forces than come to school so she enlisted in the WACS.

Ethel Pierce was our candidate for the Hallowe'en Carnival at Hartford City.

We were very delighted when October 18, 1952 rolled around as that was when we left on our Junior and Senior Trip. Everyone enjoyed the trip and would like to go back again.

Frances Cook was chosen by the Triple R Club to be the basketball queen. Joan Ross was chosen as the queen's attendant from the Senior Class.

We had the class divided into three groups working on the newspaper. There were six members on each group. This year, we were busy working on our yearbook.

For our class play, we selected the drama "Old Doc". The cast is as follows:

Dr. John Hillary.....	Jim Dickey
Dr. Robert Hillary..	Herbert Holsten

## CLASS PROPHECY

I was on my vacation in 1963 and having a good time, when suddenly my car started acting up. I stopped in at the next garage which was in Detroit, Michigan. I pulled up at the De Soto and Plymouth Garage. The mechanic couldn't find the trouble, therefore he called the head mechanic. Walking into the main office, I noticed a diploma bearing the name, "Donald Carroll, Head Mechanic." My memory recalled a former student of mine with that name, and when the head mechanic walked in low and behold it was Donnie. While Donnie was fixing my car he informed me that Fredrick lived in the next state, which was Wisconsin. So Don decided that he would take a little vacation and ride along with me to see the other students. Don told me he thought Fred Nessell owned a huge dairy farm out in the western part of Wisconsin. Upon inquiring we found the exact location, which was just a few miles northwest of Madison. We noticed in the distance many very large buildings. Upon arriving we read on the barn, "Fred Nessell Jr., Dairy Fairy". We arrived in time for supper and Fred invited us to stay all night. We told him we had to be off early the next morning because we were looking up all the old senior class of 1953. After supper he showed us all his prize possessions. He said that he had to work very hard the last ten years to earn all this. So I asked Fred if he would like to ride along with us. He said he thought he needed a vacation so he said he would go. We started off for the Show-Me-State, which is Missouri. We were going to look up my old student, Ronnie Lakin. Fred had told me that Ronnie was a salesman at Montgomery Ward in St. Louis. Fred also told me that Ronnie had married the former Barbara Elliott of Hartford City. We decided we would stop for the night. I stopped to register at a hotel and noticed the name was "Ross' Hotel". I wondered if it could be Joan Ross, the student I once had. But when I went inside I noticed a man that looked very familiar to me. Upon inquiring I found out it was Joan's brother Dale. He said he and Barbara had gotten married and were the owners of this hotel. I told him we were looking up all the old class of 1953. He said Barbara would be very glad to see me, so we went up to our rooms. Later that evening there was a knock at my door and low and behold it was none other than Barbara! To our disappointment Barbara couldn't go along with us to visit the rest of the classmates because of the work that had to be done at the hotel. After having quite a chat with Barbara, she left and I retired for the night. Early the next morning, I was up and ready to go and, after saying goodbye to Barbara and Dale, we were on our way. After traveling for miles we finally reached the state of Missouri. We found that Ronnie lived in St. Louis. I went to the store where Ronnie worked, but to my disappointment Ronnie could only spare us a few minutes of his time, for he was working on a big business deal for the company. It seems that Ronnie had been very successful with his work. After telling Ronnie of my intentions, I learned that Joan lived in Colorado. So I told Ronnie goodbye and the boys and I started out for Colorado. We arrived in Denver the next day about noon. The boys and I

decided to eat our lunch before going to find Joan. After lunch we learned that Joan was working as a private secretary for TWA. We also found out that Joan's boss was none other than Charles Bole. So, I drove out to see Joan and Charles. After talking to them for awhile, they decided to go along with me and see the rest of the kids. So, we stayed over in Denver that night, and we left early the next morning for the state of Texas. There we would look up Betty Purvis, whom we had found out was working as a secretary for a big oil company. We ate dinner in Oklahoma, and then we journeyed on to Texas. We arrived in Amarillo that night, where we stayed all night. Early the next morning we left for Dallas. We arrived there about noon and upon inquiring we found out where Betty worked. We found Betty in her private office. After we talked awhile with Betty she informed us that she was married to her boss. So, she started with us to New Mexico to look up Herbert who was in the Marines. We arrived in Santa Fe where Herbert was stationed the next night. Herbert was on guard duty but would be off in about 5 minutes. So, we decided to wait. When Herbert got off duty we all decided to go eat supper together. Herbert couldn't get a furlough, to our disappointment, but he informed us that Don Martin was in the Navy and stationed in San Diego, California. So after telling Herbert farewell and wishing him the best of luck we were once again on our way. We stopped in Arizona, for the night in the town of Phoenix. Early the next morning as we were going to breakfast we passed a building and on the window it said, "Dwayne Lipp, Artist." I wondered if it could be one of my former students. The boys, anxious to find out, went inside to inquire and lo and behold it was Dwayne Lipp that I had had in the class of 53. While having a nice chat with him he informed me that he had married the former Betty Holloway who also had been a student at Roll School. Dwayne told us that he couldn't go with us on our journey since his job took up most of his time. So, after saying our farewells we went on to breakfast. After breakfast we again started out, and I headed toward California. We arrived in San Diego that night, and we decided to wait until morning to see Don Martin. Early the next morning we set out to see Don. When we got to the Naval Center the boat Don was on was just docking at the harbor. Don was surprised to see us, and we were all so surprised to learn that Don is now a Captain. Since Don couldn't get a leave he was unable to go with us on our tour. After telling Don all the home news, which included the winning of the state basketball championship by Roll, we were on our way once again. Don had told us we could find Ethel in Seattle, Washington, so we decided to make that our next stop. After traveling for a couple of days we came into the state of Oregon. Then dinner time came, and we found ourselves in the city of Portland. We decided to eat and look the town over. While looking about, we discovered a television shop bearing the name of "Payne." Our curiosity finally got the best of us, so we inquired around to see if it could be any of the Paynes we knew. To our amazement we learned that it was no other than

than Franklin Payne, one of my former students. It seems that Franklin had been quite prosperous in his television work. He told us that he had never married. Franklin decided that he would leave his work long enough to go on our tour, so off we went. We got in Seattle the next day and I was anxious to see Ethel, so I started inquiring right away. We learned that Ethel's name wasn't Pierce anymore, but it was King. It seems that her and Gordon had gotten married at last! We found Ethel busy in her swanky ranch type home, taking care of her parakeets and her two charming little boys, Gordon Jr. and Arthur. She was indeed surprised to see me, as I was to learn that Gordon was an Admiral in the Navy. After Ethel and I had quite a talk I learned that Pat and Jim was now living in Montana. Since Ethel was much too busy to accompany us on our journey, we bid her farewell and we were on our way to Montana. When we arrived in Helena, we decided to get us something to eat, and while eating we noticed a cute little boy in the restaurant and he looked very much like a Dickey. So, without further delay we went to the Dickey residence. We had quite a long chat with Pat. We also found out that Jim was a brick layer for a large contracting company and he was at work, so we didn't get to see him. We learned that Patty and Jim had two little girls besides the one boy, and that they were raising parakeets. To our disappointment neither Pat nor Jim could go with us to see the rest of the class. We learned from Pat that Harriett Johnson lived in Wyoming. So, we decided to make that our next stop. After telling Pat goodbye, we were on our way to see Harriett. It was just dusk when we arrived in Cheyenne, the next evening, so we decided to wait until morning before inquiring about Harriett. Early the next day we started out and we soon learned that Harriett's name was now Burris. It seems that her and Ed had gotten married. It didn't take us long to learn where Harriett lived. So without further delay, we were on our way to her house. When we arrived at her home she certainly was surprised to see her old sponsor. Harriett was busy getting ready for a big party she was having that night. After we had had a nice little talk we decided we'd better go because Harriett was so busy. We learned from Harriett that Frances Cook lived in Pennsylvania, so we decided to go see her next. We told Harriett goodbye and once again we were on our way. After traveling several miles we finally reached Pittsburg, Penn. We knew Frances was in the WACS so we went to Indian Town Gap where Frances was stationed. When we arrived at the camp, we inquired at the headquarters and learned that Frances was off duty at the moment, and was at the barracks. When we found her she was busy shining her shoes. She was very surprised to see us. We had quite an interesting talk and learned that she liked the Army career. Much to our disappointment she couldn't get any leave to join us on our tour. So, we said farewell and continued on our way. We had learned from Frances that Orval Stallsmith was a pilot at the National Airport in Washington D. C. So, we decided to visit him next. We arrived in Washington the next day at noon and went to eat our lunch at the

at the airport. While we were eating we noticed that a plane was coming in for a landing. When the pilot got out, low and behold it was none other than the fellow we were looking for, Orval Stallsmith. Franklin said he would go talk to Orval while the rest of us finished eating. Before dinner was over Orval came over and joined us. While talking, we learned that Orval now owned the National Airport and had just gotten back from a pleasure trip. After telling Orval of our tour, he decided to fly back to Indiana to see some of his old friends. I knew that Jim Schmidt was at Purdue, so we decided to visit him, and close out our tour. After bidding Orval goodbye and promising to meet him at Purdue, we were on our way once again. We arrived at Purque a couple of days later and Orval had already contacted Jim and they were expecting us. Jim was very anxious to hear about the rest of the Senior Class of "53". He told us that he was now a professor at Purdue and also owned a large farm near the university. After having quite a long chat with Jim, he informed us that he had married one of his students. Orval offered to fly the other students home and save me the trip. After bidding everyone farewell, Orval flew off in his plane, and I returned to my home in Chili, to tell my friends what a wonderful time I had.

## SENIOR PSALM

MR. JOHNSON, is my Shepherd, I shall not want  
another.  
He maketh me to study from morn till night.  
He leadeth me to where I don't want to go,  
He restoreth my doubt on a thick sheet,  
He leadeth me in the paths of right for his  
name sake.  
Yea, though I walk through the aisles of the  
study hall, I shall fear no evil for he is  
watching me.  
He prepared a quiz for me in the presence of  
my classmates.  
I sharpened my pencil and soon my knowledge  
is gone.  
Surely knowledge and good fellowship will  
follow me all the days of my life and I  
will dwell in the school FOREVER.

## BASKETBALL

The Roll Red Rollers started the season out by defeating Warren and St. Paul before losing to Jefferson by a single point. Two losses and one victory were tallied up before the Blind Tourney at Montpelier. The Rollers played the Montpelier Pacers the first game and lost by a score of 57-67. Jim Dickey, the Rollers' Center, won the sportsmanship trophy. As the season continued, the Red Rollers lost to Redkey, then went on a 3 game winning streak. The Pacers again downed the Rollers in their regular scheduled game, 54-56. The scarlet scourge next eked out a tough Jackson team before falling before the Eaton Norsemen. A traditional last quarter rally edged out Van Buren, and also drubbed Chester Center, 93-61. The following two games, Monument City and Bryant were lost by a 7 point margin, then the Yorktown Tigers rallied to beat the Rollers two points. The season record was 9 wins and 10 losses.

The Rollers tangled with a tall Bryant team in the sectional, beating them two points after trailing most of the way. But once again the Montpelier Pacers edged the Rollers out for the third time, by 3 points.

# JR-SR TRIP

Cetysburg  
Tech & Jim

Washington  
Monument

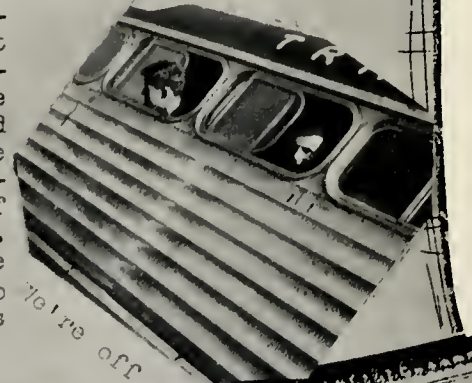

It was a cold Saturday morning in October when 32 Juniors and Seniors met at the Roll High School. There they waited anxiously for the bus, so they could start their 9 day tour through the East. Our first day took us through the state of Ohio, and on over into Pennsylvania, where we saw many old mines. We spent the night in Pittsburgh in the "Pittsburgher Hotel." The following morning we were up bright and early on our way to Washington D. C. We arrived at Cetysburg in time for lunch, afterwards we were taken on a guided tour of the battlefield. Traveling on in to Washington D. C. we checked in at the "Congressional Hotel." After eating supper, we took a night tour through the city, visiting the Congressional Library, Jefferson Memorial, Lincoln Memorial, and enjoying a night view of the White House. The next day being Monday, we had a full schedule, in the morning we visited the Washington Monument, Capitol Building, where we had our pictures taken, Bureau of Mints, The Supreme Court Building, and the F B I Building. After lunch we went to Mt. Vernon, which is the home of George Washington. On our way back we visited the Washington National Airport, and Christ Church where George Washington attended. From here we went to Lee's Mansion, and the Arlington Cemetery. We were at the tomb of the unknown soldier at the time of the changing of the guards. It was a very impressive sight. After going back to the hotel our evening was free.

The next morning being Tuesday, we went to the Smithsonian Institute, we were in the new addition, where the stuffed animals, bones, and old rocks are. Around 10:00 we left for the White House, there we were in the Blue, Green, and the Rose Rooms. Also the East Room where President Truman has his piano. After the tour we ate dinner in a cafeteria not far from the Capitol Building. Then we returned to the old addition of the Smithsonian Institute, where they have The Spirit of St. Louis, and many other airplanes, old automobiles, fire arms, and the Inaugural gowns of the president's wives. We were at the Institute until around 3:30. Then we started for Baltimore to the "Southern Hotel", where we spent only one night. Baltimore is known for its white steps. The narrow side walks framed by these many white steps make a picture one will long remember. On Wednesday morning our next destination was New York. This day we were in five states, the first Maryland, Pennsylvania, Delaware, New Jersey and finally New York, where we would stay for two days. Our first stop for the day was at Independence Hall in Philadelphia, then we traveled into New Jersey. We arrived for our bus inspection around 1:30, the bus didn't pass inspection because of the emergency brake, so another bus came and picked up. We arrived in New York at our hotel the "Wellington" around 6:30. In the evening we went to Radio City as a group. There we saw the "Rockettes" on the stage. Thursday our day began by a three hour cruise around Manhattan
